

CHILLY EQUIVALENT FRACTIONS

Materials:

- Game board
- Paper clip for spinner
- 10 game markers for each student

Directions:

1. Players 1 and 2 take turns.
2. Spin the spinner to determine the fraction. Place a marker on an equivalent fraction. If your opponent already has a marker on the fraction you need, you may replace it with your marker.
3. The first player to cover 5 in a row wins.
